TITLE : SKIN COSMETIC

ABSTRACT : PURPOSE: To obtain a skin cosmetic having excellent skin aging-preventing effect such as excellent chapped skin-improving effects or humid-retaining effect and beautifying effect as well as excellent safeness and stability with the passage of day by blending a modified transglutaminase modified by a water soluble substance with a cosmetic.

CONSTITUTION: For example, a modified transglutaminase modified by using a water soluble substance such as polyethylene glycol, monomethoxypolyethylene glycol or carboxymethyl cellulose, preferably at a ratio of 0.2-50wt.% based on 1wt.% transglutaminase is blended in a skin cosmetic at an amount of 0.0001-5 based on 100wt.% total skin cosmetic to provide a skin cosmetic reduced in irritation to skin and causing no color change or change of odor even by the passage of day and having excellent chapped skin improving effect, humid retaining effect and skin beautifying effect when used.
